GUARANTEED ANALYSIS

Humic Acids	4.000%
Inert Ingredients	96.000%

HUMIC ACID: 4% derived from Leonardite (ISO 19822 Method) Contains non-plant food ingredient

PRODUCT INFORMATION

Humic Advantage is a premium humic acid concentrate designed for use on all agricultural crops. It is readily dispersed in most fertilizer or micronutrient solutions. Humic acid may increase micronutrient uptake. This product is alkaline and may alter pH of certain solutions.

SUGGESTED DIRECTIONS FOR USE

Soil: Apply 1-8 gal/acre; for use in open systems or injected into closed systems.

Foliar: Apply 1-6 qt/acre with sufficient water for adequate coverage by ground or aerial application. Repeat every 3-4 weeks as necessary.

COMPATIBILITY: When mixing Humic Advantage with other fertilizers, it is important to manage any changes in pH. User should jar test for compatibility before mixing with other products. For foliar applications with fertilizer or micronutrient blends, apply to a small test area before large scale use.

HANDLING

Use appropriate PPE, including safety goggles, gloves, long pants/long sleeves, and boots. Remove and wash PPE after contact. Refer to Safety Data Sheet (SDS) prior to initial use. Buyer assumes all risks of use, storage, and handling of this product.

FIRST AID

Eye contact: Rinse eyes for 15-minutes. Remove contact lenses if present. Seek medical attention if irritation persists. Skin contact: Rinse thoroughly with soap and water. Inhalation: Move person to fresh air and seek immediate medical attention if symptoms occur.

WARNING

KEEP OUT OF REACH OF CHILDREN.

NOT FOR HUMAN CONSUMPTION.

**CONTACT POISON CONTROL IF INGESTED:
1-800-222-1222**

MATERIAL SAFETY DATA SHEET IS AVAILABLE UPON REQUEST.

STORE in a secure area in original container only. Keep tightly sealed and do not contaminate area. Dispose of contents and container in compliance with all applicable local, state, and federal regulations.

NOTICE: The application of fertilizer material containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>
