

Purebase Creates Streamlined “Mine to Market” Relationship with CoreTer LLC.

Sutter Creek, CA – (June 16, 2026) – Purebase Corporation (OTCPK: PUBC), (“Purebase” or the “Company”) a highly diversified mineral resource and marketing company announced a streamlined “mine to market” relationship with Coreter LLC, a Nevada based mining and exploration company.

The two companies will continue to operate as separate, independently marketed businesses. CoreTer will tackle exploration, development and mining operations and Purebase will take production output directly to market.

“Most resource companies stop at the mine gate and hand the product - and the margin, off to someone else, but we do not. We are not just finding deposits; we are bringing them out of the ground to process and sell. Purebase and CoreTer have now put that whole journey under one roof with perfectly aligned interests from drill bit to buyer.” said A. Scott Dockter, CEO of Purebase.

About Purebase Corporation

Purebase Corporation (OTCPK: PUBC) is a diversified resource company that acquires, develops and markets high-value minerals for use in domestic and global supply chains.
